Cautionary Note Regarding Forward Looking Statements

Certain statements in this presentation are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 including statements regarding whether we will meet our expected financial projections; whether our total revenue and mobile revenue will continue to grow; whether we will be net income positive in the future; future amounts of cash and free cash flow; future rankings in the social app categories on iOS and Android; whether our mobile ARPU and ARPDAU will continue to grow; whether we will continue to have industry-leading mobile ARPU; whether our mobile traffic will grow and future levels of mobile daily active users (DAU), mobile registrations, daily logins by monthly users; the future success of our mobile monetization products, including advertising, freemium, and our subscription products; our ability to enhance our apps to spur engagement and drive virtual growth; future monthly rates of freemium product purchases; future levels of monetization and the influence of new products on monetization and engagement of a mobile audience; our ability to drive more mobile DAU and monthly active users; our ability to execute against our product pipeline as anticipated to further grow engagement and the strength of the pipeline; the strength of our management team and its ability to capture opportunity in the market; future levels of monthly mobile ad impressions; whether user engagement will continue to enable the success of our advertising-driven business model; future chat growth and real-time chats per day; future ephemeral photos per day; our ability to optimize the chat experience in our app and improving the relevance of chat partners and the quantity of chats; results of our focus on chat quality through interest and data-driven matching; the strength of our product team and whether and when we will launch additional innovative features and additional standalone apps; the vastness of market opportunity apps for chat and meeting new friends; whether we are poised for significant growth; market opportunity in the internet and mobile ad spend space; the collectability of all amounts owed to us by Beanstock Media Inc.; and our ability to successful secure user safety and proper content. The words "believe," "may," "estimate," "continue," "anticipate," "intend," "should," "plan," "could," "target," "potential," "opportunity," "is likely," "expect" and similar expressions, as they relate to us, are intended to identify forward-looking statements. We have based these forward-looking statements largely on our current expectations and projections about future events and financial trends that we believe may affect our financial condition, results of operations, business strategy and financial needs. Important factors that could cause actual results to differ from those in the forward-looking statements include our ability to launch new products and features, the willingness of users to try new product offerings; our ability to launch new apps successfully and within the anticipated timeframes and the performance of our advertising partners. Further information on our risk factors is contained in our filings with the SEC, including the Form 10-K for the year ended December 31, 2014 and the Current Report on Form 8-K filed on June 3, 2015. Any forward-looking statement made by us herein speaks only as of the date on which it is made. Factors or events that could cause our actual results to differ may emerge from time to time, and it is not possible for us to predict all of them. We undertake no obligation to publicly update any forward-looking statement, whether as a result of new information, future developments or otherwise, except as may be required by law.

Regulation G – Non-GAAP Financial Measures

This presentation includes a discussion of Adjusted EBITDA from continuing operations which is a non-GAAP financial measure. Reconciliations to the most directly comparable GAAP financial measures are provided in the Investors section of our corporate website, www.meetmecorp.com.

The Company defines Adjusted EBITDA as earnings (or loss) from continuing operations before interest expense, change in warrant liability, income taxes, depreciation and amortization, non-cash stock-based compensation, non-recurring acquisition and restructuring expenses, loss on cumulative foreign currency translation adjustment, gain on sale of asset, bad debt expense outside the normal range, and the goodwill impairment charges. The Company excludes stock based compensation because it is non-cash in nature.
