Cautionary Note Regarding Forward Looking Statements

Certain statements in this presentation are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 including statements regarding whether we will meet our expected financial projections and guidance; total revenue growth and revenue growth on mobile and web; net income growth; whether our use of technology will deliver increased engagement; our ranking on Android, IPhone Social and Google Play Store in both the U.S. and foreign countries; whether our ARPU will continue to lead the industry; our ability to effectively monetize our user’s high levels of engagement via advertising; whether our revamp of our premium subscription service, MeetMe Plus before the end of the year and the success of such revamp; whether chat elevation will increase the reply rate for paying subscribers and whether a subset of users will be willing to pay for higher reply rates; whether we will continue to manage costs well; growth and levels of adjusted EBITDA and the accuracy of our EBITDA projections; whether mobile revenue will continue to grow; whether our mobile revenue growth demonstrates continued progress toward our mission of building the pre- eminent mobile app for connecting with new people; the vastness of the market opportunity; the growth of our mobile traffic; our ability to monetize an engaged mobile audience using various forms of advertising and freemium products; whether future mobile ad spend market will meet current projections; whether we can broaden our conversation capabilities beyond one-on-one chat to enable deeper community-based people discovery; whether our quarterly total revenue and mobile revenue reflect effective management of our mobile advertising inventory and continued strong mobile engagement, our ability to execute against our product pipeline; and whether we can further grow usage and capture an increasing share of the addressable market. The words “believe,” “may,” “estimate,” “continue,” “anticipate,” “intend,” “should,” “plan,” “could,” “target,” “potential,” “is likely,” “expect” and similar expressions, as they relate to us, are intended to identify forward-looking statements. We have based these forward-looking statements largely on our current expectations and projections about future events and financial trends that we believe may affect our financial condition, results of operations, business strategy and financial needs. Important factors that could cause actual results to differ from those in the forward-looking statements include the risk that our applications will not function easily or otherwise as anticipated, the risk that we will not launch additional features and upgrades as anticipated, the risk that unanticipated events affect the functionality of our applications with popular mobile operating systems, any changes in such operating systems that degrade our mobile applications’ functionality and other unexpected issues which could adversely affect usage on mobile devices. Further information on our risk factors is contained in our filings with the Securities and Exchange Commission (the “SEC”), including the Form 10-K for the year ended December 31, 2014 and the Current Report on Form 8-K filed with the SEC on June 3, 2015. Any forward-looking statement made by us herein speaks only as of the date on which it is made. Factors or events that could cause our actual results to differ may emerge from time to time, and it is not possible for us to predict all of them. We undertake no obligation to publicly update any forward-looking statement, whether as a result of new information, future developments or otherwise, except as may be required by law.

Regulation G – Non-GAAP Financial Measures

This presentation includes a discussion of Adjusted EBITDA from continuing operations which is a non-GAAP financial measure. Reconciliations to the most directly comparable GAAP financial measures are provided in the Investors section of our corporate website, www.meetmecorp.com. The Company defines Adjusted EBITDA as earnings (or loss) from continuing operations before interest expense, change in warrant liability, income taxes, depreciation and amortization, non-cash stock-based compensation, non-recurring acquisition and restructuring expenses, loss on cumulative foreign currency translation adjustment, gain on sale of asset, bad debt expense outside the normal range, and the goodwill impairment charges. The Company excludes stock based compensation because it is non-cash in nature.
MeetMe is a location-based mobile chat app for connecting with new people that monetizes via native advertising and in-app purchases. Our core demo is ages 18 – 30.

Our technology enables users to find interesting people to chat with on mobile devices by leveraging the data on the platform to make relevant introductions.

The market opportunity is vast. Chat is the killer app on the mobile device. There are a number of billion-dollar chat apps geared to existing friends. MeetMe’s focus is unique ... chatting and making new friends.

Top Social App on Android and iOS
Top ranked in Google Play Store for a keyword search of “Chat” in US, Canada, Turkey, India and UK. Ranked a Top 100 social app in more than 150 countries.

Fast Growing Mobile Traffic
Significant year-over-year growth in 2015: mobile daily active users up 24% to 1.1M, mobile registrations up 60% to 40K per day.

Strong Mobile Revenue Growth
84% growth for full year 2015 mobile revenue to $45.3 million. $56.9 million in total revenue.

Profitable in 2015
Net Income of $6.0M in 2015 compared to net loss of $4.0M in 2014. 36% EBITDA Margin and 303% growth in Adjusted EBITDA to $20.2M in 2015 compared to $5.0M in 2014.

(1) Social App rankings and “Chat” keyword search rankings as of February 23, 2016. (2) Mobile Daily Active Users and mobile registration year-over-year growth compares daily 2015 average to daily 2014 average. (3) Total revenue and mobile revenue from full year 2015. Mobile revenue refers to advertising and in-app revenue from MeetMe’s mobile app and mobile website. (4) Adjusted EBITDA is a non-GAAP financial measure. For definition of Adjusted EBITDA, please refer to Exhibit 99.1 to the Company’s 8-K filing date November 3, 2015.
